This is an opportunity for Wetlands Division and Region 9 to bring you up to speed on recent developments about Cargill/Redwood City. Recent input from Corps HQ has raised several issues of substantial concern to both WD and Region 9, including interpretation of EPA's regulations and the scope of CWA geographic jurisdiction. Some options for EPA response are likely to be foreclosed very soon.

Russ will lead the meeting on this end, since I'll be on leave.

Call-in number to follow.

(Here today, gone to Maui!)

(PS – Region 9, please forward if I left anybody off the invitation list. Working from memory. Thanks!)
